

Box Starfield

This component allows you to create a box or cube shaped starfield.

NOTE: Read the **Starfield** documentation for information on the shared fields.

Seed

This allows you to set the random seed used when generating asteroids.

Extents

This allows you to set the size of the starfield.

Offset

This allows you to push stars toward the edge of the starfield.

Star Count

This allows you to set the amount of stars generated.

Star Radius Min

This allows you to set the minimum radius of generated stars.

Star Radius Max

This allows you to set the maximum radius of generated stars.

Star Sprites

This allows you to set all the different types of stars you want in the starfield.
